DETAILED ACTION

Election/Restrictions

1. Applicant's election of claims 18-29 and 31 in the reply filed on 08/26/2008 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 18-29 and 31 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 18-29 and 31, the Applicants use the phrase "ylide type." Description of types is properly set forth in the specification rather than the claims. If stated in the claims, "type" leads to confusion over

the intended scope of a claim. Therefore, each occurrence of "type" should be deleted.

4. Claims 18-29 and 31 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Schmidbaur et al., U.S. Patent No. 4,097,509 (hereinafter "Schmidbaur") and Shea et al., U.S. Patent No. 5,476,915 (hereinafter "Shea"). Schmidbaur teaches a double ylide metal complex and Shea teaches a method for controlled synthesis using various ylides. See Schmidbaur, col. 4, line 46 through col. 6, line 56; Shea, col. 4, lines 20-28.
